

EVALUESERVE

PACE – Final Presentation

Presenter Name: Santosh Kumar

Overview

Purpose:
- Enhance professional skills in communication, management, and client engagement.

Benefits:
- Boosts confidence
- Improves writing and problem-solving
- Strengthens project and client communication

Topics Covered:
- Building Confidence
- Business Writing Skills
- Project Management
- Problem Solving
- Client Call
- Presentation Skills

Sensitivity: Internal

1. Problem Solving

1. **Identify the problem**
2. **Generate the possible solution**
3. **Selecting best solution**

Stage 1. Defining the Problem

A problem statement must contain

- **What?** What is happening?
- **Where?** Where is it happening?
- **When?** When did it start?
- **How Much?** To what extent it is impacting .How big is the impact?
- **How do I know?** How did you become aware of it?

Sensitivity: Internal

Diagnosis

Diagnose the current state of your problem & identify the root causes and improvement levers

- Use 5 whys technique to find the root cause
- Apply pareto analysis to priorities the causes

1. Why is this happening?
2. Why is that happening?
3. How do you think that is the case?
4. How do you think that situation exist ?
5. Why do you feel so ?

Sensitivity: Internal

Design

Generate all possible solutions

1. Brainstorm Possible solution without judgement
2. Encourage creativity and collaboration
3. Find out all possible solution to solve the problem

Sensitivity: Internal

Delivery

Delivery: Chalk out an implementation plan and mention how effectiveness/impact will be measured

1. Choose the best approach and implement
2. Review and evaluate the solution .
3. Make some necessary adjustment to improve outcome.

Sensitivity: Internal

Realtime example

Example : Problem solving with real time example

Background

An e-commerce company hosts its platform on a cloud infrastructure. During major sales events (like Diwali or Black Friday), the site experiences unexpected downtime, leading to revenue loss and customer dissatisfaction.

Problem

An e-commerce company hosts its platform on a cloud infrastructure. During major sales events (like Diwali or Black Friday), the site experiences unexpected downtime, leading to revenue loss and customer dissatisfaction.

Sensitivity: Internal

Realtime example

Example : Problem solving with real time example

Impact

- 15% drop in customer retention post event.
- Estimated ₹10 lakh revenue loss per hour of downtime
- Negative brand perception on social media

Sensitivity: Internal

Realtime example

Example : Problem solving with real time example

Root Cause Analysis:

- People: Lack of load testing expertise
- Methods: No automated scaling policies
- Machines: Single point of failure in database cluster
- Materials: Poorly optimized product images increasing load
- Measurements: Inadequate real-time monitoring
- Environment: Unpredictable traffic surges

Sensitivity: Internal

Realtime example

Example : Problem solving with real time example

Solutions Generated:

- Implement auto-scaling and load balancing
- Optimize database queries and introduce caching
- Conduct regular load testing before events
- Use CDN for static content delivery
- Improve monitoring with alert systems

Sensitivity: Internal

Realtime example

Example : Problem solving with real time example

Selected Solution:

A combination of auto-scaling, database optimization, and CDN integration was chosen based on cost-benefit analysis and implementation feasibility.

VUCA Context:

- **Volatility**: Traffic spikes during unpredictable times
- **Uncertainty**: User behavior during events
- **Complexity**: Multiple interdependent systems
- **Ambiguity**: No clear failure pattern

Leadership in a VUCA World

Adaptive leadership and emotional intelligence

- Sensemaking and strategic foresight
- Building trust and transparency
- Encouraging innovation and continuous learning

Sensitivity: Internal

2. Building Confidence

Purpose:
To empower individuals with strategies to build and sustain confidence in professional settings.

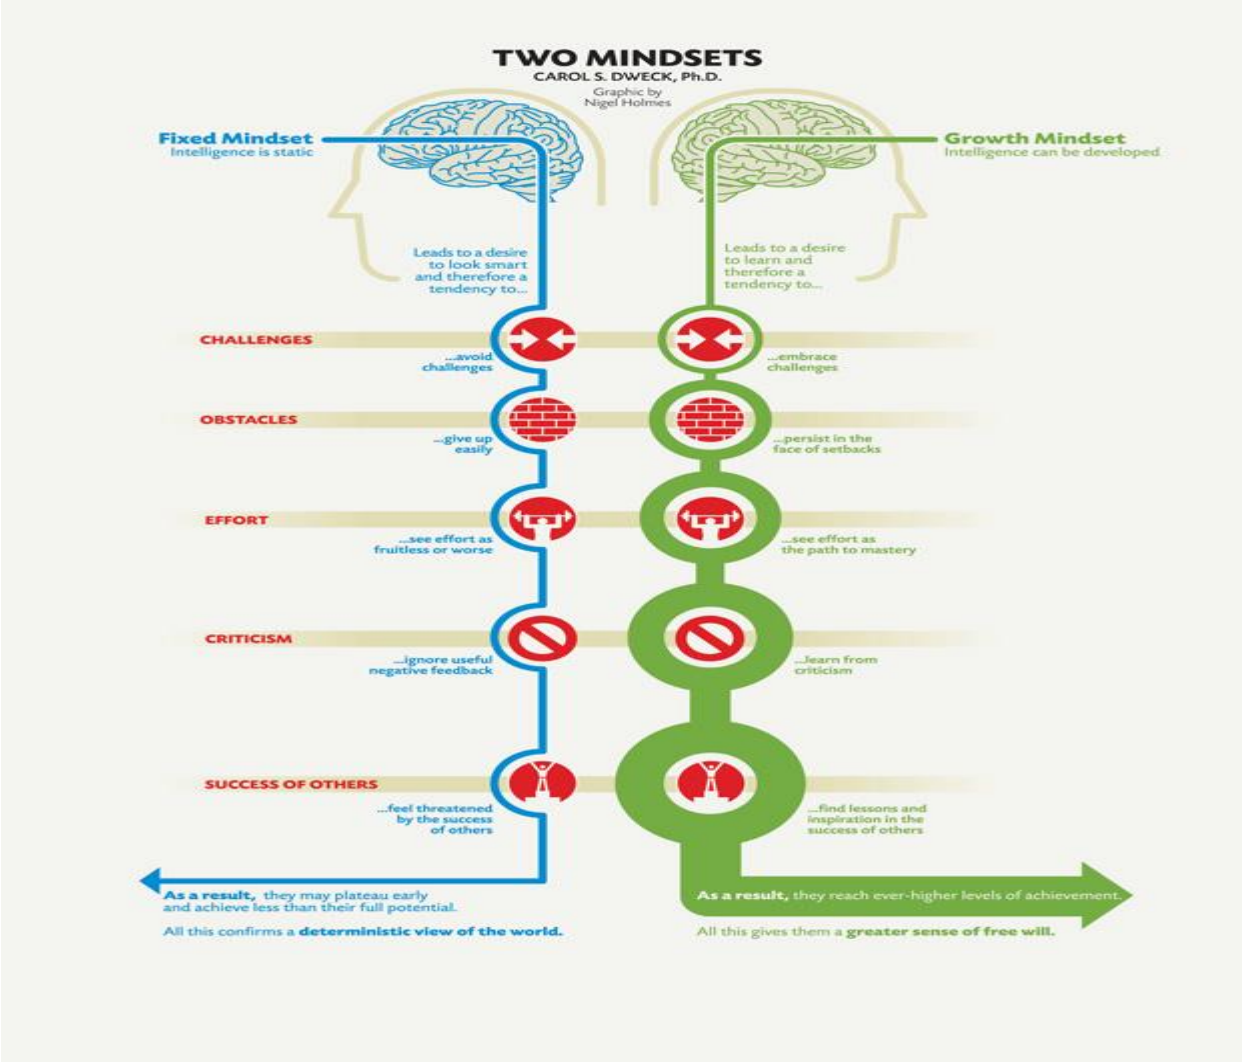

Benefits:
- Enhances communication and leadership presence
- Encourages proactive participation and decision-making
- Builds resilience and self-awareness

Topics Covered:
-Strategy : public speaking Practice
-Strategy : Goal setting
-Strategy : Seeking feedback
-Strategy : Tracking progress

Sensitivity: Internal

2. Building Confidence

Sensitivity: Internal

Strategy : Public speaking practice

- Join public speaking groups like Toastmasters
- Volunteer for team presentations or meetings
- Practice storytelling and elevator pitches

Sensitivity: Internal

Strategy : Goal Setting

- Set SMART goals (Specific, Measurable, Achievable, Relevant, Time-bound)
- Break large goals into smaller milestones
- Track progress and celebrate achievements

Sensitivity: Internal

Strategy : Seeking Feedback

- Request feedback from peers and mentors
- Use feedback constructively to improve performance
- Create a feedback loop for continuous growth

Sensitivity: Internal

Strategy : Tracking Progress

- Maintain a confidence journal to log achievements
- Reflect on challenges overcome and lessons learned
- Use progress reviews to boost morale and motivation

Sensitivity: Internal

3. Project Management

Purpose:
To equip participants with essential project management skills.

Benefits:
- Improved planning and execution.
- Enhanced team collaboration.
- Better risk mitigation and delivery outcomes.

Topics Covered:
- Defining Scope and Objectives
- Planning and Scheduling
- Team Coordination
- Risk Management
- Post-Project Review

Sensitivity: Internal

Strategy : Project Management

Sensitivity: Internal

Defining Scopes and objectives

- Clearly define project goals and deliverables.
- Use SMART criteria for objectives.
- Example: Launching a new website with defined features and timeline.

Sensitivity: Internal

Planning and scheduling

- Break down tasks using Work Breakdown Structure (WBS).
- Use Gantt charts or Agile boards for scheduling.
- Example: Software development team plans sprints using Jira.

Sensitivity: Internal

Team coordination

- Assign roles and responsibilities clearly.
- Use collaboration tools like Slack or Microsoft Teams.
- Example: Cross-functional team uses daily stand-ups to stay aligned.

Sensitivity: Internal

Risk Management

- Identify potential risks early.
- Use risk matrix to assess impact and likelihood.
- Example: Construction project mitigates weather delays with buffer time.

Sensitivity: Internal

Post Project Review

- Conduct lessons learned sessions.
- Document successes and areas for improvement.
- Example: Marketing team reviews campaign metrics to refine future strategies

Sensitivity: Internal

4. Client Call

Purpose:
To develop effective client communication skills.

Benefits:
- Builds trust and rapport with clients.
- Enhances clarity and professionalism.
- Improves project outcomes and client satisfaction.

Topics Covered:
- Preparing for the Call
- Active Listening
- Managing Expectations
- Follow-up Communication
- Building Rapport

Sensitivity: Internal

Client Call

Impactful Client Communication

Key Elements

1 Pre-Call Preparation

- ***With Client:*** calendar invite; share any pre-read, agenda
- ***At location/with team:*** calendar invite; share any pre-read, agenda, venue, IT equipment, any print material required, review of coverage from previous call/s, if a first-call; review names of client stakeholders

2 Initiating the call

- Timely
- Greeting and introduction
- Rapport building
- Review the agenda and set flow for the interaction

3 During the call

- Keep a check on time
- Follow the flow
- Keep paraphrasing

4 Closing the call

- Summarize the key actionable
- End on a positive note

5 Post-Call Actions

- Consolidate understanding with team
- Share post call summary with all involved

Sensitivity: Internal

Preparing for the call

- Research the client's background and project context.
- Set a clear agenda and share it in advance.
- Choose a quiet, professional environment.
- Example: A consultant reviews the client's website and recent reports before a kickoff call.

Sensitivity: Internal

Active Listening

- Focus on the speaker without interrupting.
- Use verbal and non-verbal cues to show engagement.
- Summarize and confirm understanding.
- Example: A project manager paraphrases client concerns to ensure clarity.

Sensitivity: Internal

Managing Expectation

- Clearly define deliverables, timelines, and responsibilities.
- Avoid overpromising; be transparent about limitations.
- Document agreements and share follow-up notes.
- Example: A team lead outlines scope boundaries during a client onboarding call.

Sensitivity: Internal

Building Rapport

- Show genuine interest in the client's goals.
- Be respectful, empathetic, and responsive.
- Maintain consistent and friendly communication.
- Example: An account manager remembers client preferences and checks in regularly.

Sensitivity: Internal

Managing Expectation

- Clearly define deliverables, timelines, and responsibilities.
- Avoid overpromising; be transparent about limitations.
- Document agreements and share follow-up notes.
- Example: A team lead outlines scope boundaries during a client onboarding call.

Sensitivity: Internal

5. Business Writing

Purpose:
To enhance professional communication through effective business writing.

Benefits:
- Improve clarity and impact of written communication
- Boost professional image
- Increase efficiency in workplace communication

Topics Covered:
- Introduction to Business Writing
- Importance of Business Writing
- Key Principles
- Common Types of Business Writing
- Tips for Effective Writing
- Examples and Practice
- Summary and Q&A

Sensitivity: Internal

Introduction to business writing

Business writing involves clear, concise, and purposeful communication used in professional settings. It includes emails, reports, proposals, and other documents.

Sensitivity: Internal

Importance of business writing

Effective business writing enhances communication, improves professionalism, and helps achieve business goals. It ensures clarity and reduces misunderstandings.

Sensitivity: Internal

Key Principle of business writing

- Clarity: Use simple and direct language.
- Conciseness: Avoid unnecessary words.

- Structure: Organize content logically.

Sensitivity: Internal

Common type of business writing

- Emails: Used for quick and direct communication.
- Reports: Provide detailed analysis and findings.
- Memos: Share internal information and updates.

Sensitivity: Internal

Tips for Effective writing

- Know your audience
- Use active voice
- Proofread your work
- Use bullet points for clarity
- Avoid jargon and complex language

Sensitivity: Internal

Example and practice

Example Email:
Subject: Meeting Reminder
Dear Team,
This is a reminder for our meeting scheduled on Monday at 10 AM.
Best regards,
Santosh Kumar
Practice:
Write a memo announcing a new company policy.

Sensitivity: Internal

Summary and Questions

Business writing is a vital skill for professional success. Focus on clarity, tone, and structure. Practice regularly to improve.

Questions?

Sensitivity: Internal

6. Presentation Skills

Purpose:
To develop effective communication and delivery techniques for professional presentations.

Benefits:
- Enhances clarity and confidence
- Improves audience engagement
- Strengthens message delivery

Topics Covered:
- Preparing for the Call
- Active Listening
- Managing Expectations
- Follow-up Communication
- Building Rapport

Sensitivity: Internal
